BENEFITS TO YOUR BUSINESS

- I can provide authentic content as a trusted voice to my followers.
- My life as a student-athlete, between training, competing, and just being a college kid from a small town, gives me a natural stream of content that keeps your brand showing up without it ever feeling forced.
- I'm easy to work with and take partnerships seriously; I'm someone who brings the same competitive drive to brand work as he does to the game.
- I have the backing of a creative studio with content creation capabilities.
